PROFILE

I'm a passionate Web Designer & Developer with 4+ years of experience delivering high-quality solutions to international clients and agencies. I've customized and created over 100+ websites, ensuring satisfaction and long-term value for every client I work with.

WORK EXPERIENCE

The Second Source Web Developer

Dec 2024 - Present

Working as a Web Developer focused on building scalable and efficient web applications using Laravel, Laravel theme customization, Vue.js, Inertia.js, Next.js, Node.js, Express.js, the MERN stack, WordPress AWS, and Docker. I collaborate with cross-functional teams to deliver dynamic, responsive, and user-friendly solutions that meet client needs and adhere to industry standards.

MessBook Softwares Ltd Laravel Developer

Feb 2023 - Dec 2024

Developed responsive and user-friendly websites (Fortune Wheel, Voice-to-Face, Phase Management, and so on) utilizing HTML-5, CSS3, Bootstrap, Tailwind CSS, JavaScript, JQuery, Ajax, React-JS, PHP, Laravel, and MySQL database resulting in improved user engagement and a 95% increase in site traffic.

PUST

May 2022 - Nov 2023

PHP Developer

Developed and Maintained "PUST HALL MANAGEMENT" responsive and user-friendly websites utilizing HTML-5, CSS-3, Bootstrap, Tailwind CSS, JavaScript, JQuery, Ajax, PHP, and MySQL database with 10+ attractive modules.
